Cover details

The policy will pay a monthly benefit if the life insured is unable to perform their own occupation as a direct result of incapacity due to illness or injury.

Monthly benefit	£1,333.00
Deferred period	4 weeks
Length of the policy	14 years
Life insured age when policy ends	67

In the event of a valid claim, the monthly benefit will be provided for the duration of the life insured's incapacity, which falls within the term of the policy.

The monthly benefit will be paid one month after the deferred period ends and will then be paid monthly in arrears.

Payment of the monthly benefit will be subject to certain exclusions specified in the Policy Booklet.

Premium details

Your initial monthly premium is £94.95.

You have chosen an increasing policy so your premium will increase in line with the change in the Retail Prices Index.

If you keep the policy for 14 years the total premium that you will pay is £15,951.60. This assumes that you do not amend your cover and does not take any changes to the monthly benefit or premium into account if an increasing policy is chosen.

Please remember that this policy is not a savings or an investment policy and has no cash in value unless a valid claim is made.
